

WORLD OF PINOT NOIR

Technical Symposium, February 26- 28, 2019

Join your Pinot Noir colleagues Tuesday, February 26 – Thursday, February 28 at the [Alisal Guest Ranch and Resort](#) located on the outskirts of Solvang.

The idea of Tech is to bring something “to learn from”. This can be an experiment, something that went incredibly right, something that serendipitously happened, something that went incredibly wrong or something just plain interesting.

Winemakers are encouraged to bring their support staff (assistants, vineyard managers, enologist, viticulturist, etc).

The \$485 (+ fees) per person ticket includes

- Two days of in-depth tasting/winemaker discussion of 2018 Pinot Noir samples
- Delicious, fresh meals catered by the Alisal (2 breakfasts, 2 lunches, 2 dinners), wine & beer
- Full analysis of your 2018 sample by Enartis Vinquiry (core, 4EP/4EG, phenolics, PCR panel – value of \$400)

New this year! Bring your family to enjoy Alisal Ranch while you attend the symposium. They will be included in all meals for \$300 + fees = 308.70 per person.

Schedule: Tuesday, February 26: evening check-in and welcome BBQ, Wednesday, February 27: symposium, Thursday, February 28: 1/2 day symposium

Your brand must have a table at WOPN in order to participate in Tech. Lodging not included.

Cancellation policy: Before December 31, 2018 tech participants can receive a full refund. January 1, 2019 and after there will be no refunds given.

Email info@wopn.com for additional questions.
